

Focus group - Neami consumer and carer newsletters

Have you ever thought that a newsletter would be a great way for your Neami service to communicate with consumers?

If your service already has a newsletter, do you have ideas about what to include and how to improve it?

If the answer is yes, we want to hear from you.

We are reviewing the way that we create newsletters for consumers and we need your ideas about how they look, what articles and features are included, and how consumers can be involved in creating them.

We're looking for two consumers from each state to participate in a focus group about how we can enrich our existing newsletters and how best to develop new ones.

When

April 20th 2017.

East Coast: 3pm

South Australia: 2.30pm

Western Australia: 12 noon

The group will take about 2 hours with a break.

Participants will be compensated for their time.

We acknowledge Aboriginal people as the traditional owners of the land we work on and pay our respects to their elders past and present.

We welcome and appreciate diversity in all its forms, including staff and consumers, and believe diversity makes our teams, services and organisation stronger.

Where

Consumers outside of Melbourne will need to participate in the online meeting at their service site. Consumers in Melbourne can participate online from their service site or in person at Neami Head Office at 4-8 Water Rd, Preston.

Get involved

Interested consumers are asked to send an expression of interest to the Neami Communications and Marketing team. Answer the below questions in 500 words or less and forward to communications@neaminational.org.au by April 7th.

- Why do you want to take part in this focus group?
- What do you think you can bring to the focus group?
