About Step Thru Care

Step Thru Care - Geelong Otway's offers free mental health and/or alcohol and drug (AOD) support. Step Thru Care provides support in one place, which means people experiencing mental health or substance use challenges, or a combination of both, don't need to retell their stories to multiple services.

The Step Thru Care team have diverse backgrounds and expertise, including specialising in mental health, AOD and LGBTIQ+ specific challenges. This helps to create a culturally safe, accessible and inclusive service.

The team is made up of mental health and AOD clinicians, child and family practitioners, multicultural practitioners, care recovery coordinators, and peer support workers who have lived experience of mental health and substance use challenges.

Step Thru Care offers a recovery focused approach by providing:

- tailored information
- education
- group therapies
- emotional support
- evidence-based therapies
- care coordination.

Eligibility Information

People who are eligible:

- Low income, e.g. healthcare/concession card holders
- Living rural or remote
- People who identify as LGBTIQ+, aboriginal and/or Torres Strait Islander peoples
- People from Culturally and Linguistic (CALD) backgrounds
- Children under the age of 12 years
- People experiencing perinatal depression
- People experiencing or at risk of domestic violence
- People with an intellectual disability and who are experiencing AOD and/or mental health issues
- Young people who do not access to other appropriate services.

Receiving STC service is not duplicative of other services.

Those who do not fit into the above criteria will be encouraged to seek appropriate services.

Please note: people aged 12-25 should seek support from headspace in the first instance.

Please attach any relevant information to this referral e.g GP letter, assessments, K10.
